History

Sweden became a member of the International Ice Hockey Federation on March 23, 1912

The Swedish team had traditionally been the fourth-best women's team in the world, behind Canada, United States and Finland. However, the team has shown steady improvement since 2001, winning bronze medals at the 2002 Winter Olympic Games, the 2005 Women's World Championships and the 2007 Women's World Championships and a Silver Medal at the 2006 Winter Olympic Games.

Sweden is the first country in the history of the sport other than Canada and the United States to compete in the finals of any international women's hockey tournament.

Sweden Women have also won 4 Silver Medal and 1 Gold Medal at the European Championships.
